WHEN METAL BLADES JUST WON'T WORK

The Triumph® razor scraper is the world's most popular razor scraper for professional window cleaners, window tinting, and janitorial services.*

It's such a great tool and in so many hands that we designed the **Safe Scrape 6" plastic scraper blade** to fit your Triumph® scrapers!

WILL NOT SCRATCH GLASS OR PLEXIGLAS

How can you improve on a great tool?

The Safe Scrape plastic blades are for scraping on jobs when you don't need a razor sharp steel blade. It is safe to use by everyone. It's safe on floors, painted, stone, metal, Plexiglas and other surfaces. It won't replace your steel blades but you'll be glad to have it around for many jobs. Just remove the Triumph® blade and cartridge and replace it with the Safe Scrape plastic scraper blade. It slides right in!

- ◆ Plastic won't scratch glass, metal, or paint
- ◆ Fits in the classic 6" Triumph® razor scraper*
- ◆ Long lasting
- ◆ Safe for everyone to use

ABOUT US:

Coastal Distributors started out in 1988 by representing high quality internationally developed window cleaning and razor scraper tools in the United States. In 1989 we patented the Mini-Scraper and became an "original equipment supplier" to Stanley, Warner, Faucet Queens, Rubbermaid, Great Neck, American Safety Razor, Techni-Edge, US Blade, and almost every top notch tool and razor blade companies in the United States. Today, 28 years later, we manufacture, source, and distribute tools, scrapers, Safe-Scrape plastic and steel blades, and associated products to individuals and major companies in North America and worldwide.

Our catalog and web site are retail prices. We also offer bulk, commercial, and industrial pricing. Please call or write and we'll be happy to help establish an account. We promise to provide the highest quality at fair pricing. We look forward to making you happy.
